

A Divine Run

Please join us for a 5K Run/Walk to honor the memory of Devon Hance and all babies who have died from SIDS (Sudden Infant Death Syndrome). Funds raised from this special event will go to SIDS Resources.

Devon's Story

Devon Hance had a completely healthy four-month-old checkup in late November. Exactly one week later, he was found dead in his crib. The cause of death was determined to be SIDS.

Perhaps every parent's worst nightmare is to put a healthy baby down to sleep and to discover he has died unexpectedly. Approximately 2,500 babies die annually in the United States from SIDS. Here in the Kansas City metropolitan area, 30-35 infants die each year from SIDS.

SIDS Resources, Inc.

SIDS Resources Inc. is a regional organization that provides support for bereaved families as well as education for safe infant-care practices.

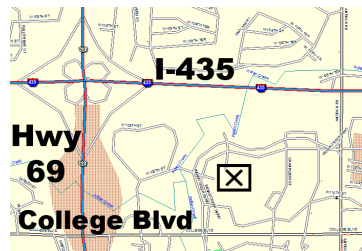

SIDS is a diagnosis of exclusion, meaning that the coroner can find no other causes for the death. Current research suggests that there are areas in these babies' brains which do not respond normally and may cause both heart and lungs to stop working. There have been witnessed deaths in caregiver's arms where the babies are simply not revivable even when immediate resuscitation attempts are made.
